3. Ground Booth Migration: Where Did the Votes Go?

A total of 169 booths were analyzed. In 2022, AAP won 154 booths, SAD won 5 booths, and INC won 10 booths.

In 2024, AAP maintained strong retention winning 102 booths. Meanwhile, BJP captured 35 booths—

flipping them primarily from former SAD and INC strongholds, as Hindu and urban mercantile voters consolidated behind BJP.

Akali Dal completely evaporated on the ground, winning 0 booths as their traditional rural and Panthic base dispersed between AAP and INC.

4. Action Blueprint for 2027 Punjab Assembly Campaign

1. Urban BJP Counter-Strategy: In the 35 booths captured by BJP, immediate municipal grievance resolution teams must be mobilized. Direct engagement with urban traders and resident welfare associations is urgent.
2. Beneficiary Saturation in Core AAP Strongholds: In the 102 AAP-won booths, deploy booth-level verification teams to guarantee 100% saturation of state welfare schemes.
3. Neutralize Bolaria's Traditional Pockets: Focus on the 32 booths won by Congress to win over swing families through targeted local leadership empowerment.
4. Institutionalize Booth Committees: Appoint 10 verified volunteers per booth with clear door-to-door accountability.
